

Product Data Sheet

CS-2W INDOOR BIKE

The Steelflex CS-2W is a commercial grade heavy duty indoor training bike. It boasts a frame that is constructed using powder coated heavy gauge steel, an aluminium handle bar and seat tubing, steel crank arms, durable leather brake pad and a maintenance-free commercial drive belt to cope with heavy daily usage. The non-slip adjustable handle bar and seat will ensure maximum comfort and optimal fit for most users. It also features an integrated flywheel sweat-guard to prevent rust and corrosion.
