

# Product Data Sheet

## T70A TREADMILL

The T70A Treadmill is a commercial grade treadmill designed to provide an affordable solution to meet the running needs of most gym users. The T70A offers features found in many top-end models but at a fraction of the price. It utilises an anti-rust, reinforced steel frame to provide a durable and stable platform for walking and running exercises, a large 62" x 22" non-slip running surface and an 8-point cushioning system to provide a safe and comfortable workout. It also comes with cooling fans, in-built speakers and USB ports to provide an enjoyable workout for the user.
