

Product Data Sheet

XT8000A TREADMILL

The XT8000A Treadmill features an anti-rust, heavy gauge steel welded frame for added durability and a heavy duty 5 HP AC motor to meet the most intensive training requirements of users. Unlike most other treadmills that utilise a single- or double-ply running belt, the XT8000A utilises a 4-ply high density 22" wide belt to offer users a large durable running surface. It also comes with large diameter rollers and an 8-point shock absorption system to provide a smooth and vibration free running platform. This will effectively reduce the impact and stress on the knees and joints for a safe and comfortable workout.

SPECIFICATIONS

Display – 4 Matrix LED Display

Display Feedback - Pulse, Incline, Time, Speed, Calories, Distance, Pace, Level

Programs - 11 programs: Manual, Calories, Cardio, Interval, Weight Loss, Distance, Heart Rate Control, Walking, Running & Custom 1 & 2

Quick Keys – Speed (2, 4, 6, 8, 10) / Elevation (0, 3, 6, 9, 12)

Speed Range - 0.8 - 20KPH (0.5~12.5MPH)

Incline Range - 0~15%

Heart Rate Monitor - Wireless and Contact Grips

Motor System - 5.0HP AC Motor

Power Requirements - 220v

Cushion System - 8-Point Elastomer Cushioning System

Rollers - Precision Mode 3.0" (76 mm)

Belt Type - 2-Ply Urethane High Density Conductive Belt with 2-Ply woven fabric

Running Area - 152 x 56 cm (60" x 22")

Dimension - 221 x 90 x 160 cm (87" x 35" x 63")

Step-on Height - 23cm (9")

Product Weight - 172 kg (375 lbs)

Max User Weight - 180 kg (400 lbs)
